

SCR Business Process: 5b – Parent(s) viewing their child’s Summary Care Record

Purpose: The Parent wishes to view the content of their child’s Summary Care Record. The Health Care professional must assist in determining what is best for the patient.

Parent of a child under 16

Health Care Professional

Parent wishes to look at their child’s Summary Care Record

The Health Care Professional will consider the Parents request and the interests of the child:

Question

Is the child Gillick competent?

Yes

Question

Is the minor present?

No

The Health Care professional can inform the parent that the Gillick competent minor has a right to be consulted as to whether the parent can view the record

Yes

Question

Has the minor given consent for the parent to view?

Yes

Question

The Health Care professional can show the SCR to the parent

End

No

No

Question

Is the request in the child’s best interest?

Yes

Question

The Health Care Professional can show the SCR to the parent

End

No

Question

The Health Care Professional will decline the parents request to view the SCR

End

The clinician will consider the parents view and the interests of the child and consider other information sources available to them. They may also discuss the options further with the patient and parent. Once they have made a decision, they will record the decision on their practice system.
